

Cyspersa®

HAIR **GROWTH** SERIES

Cypersa[®]

HAIR GROWTH SERIES

Many women and men experience hair loss throughout their lives, turning hair loss treatment into a serious concern. Cypersa, utilizing innovative and effective formulations, has developed two specialized products to prevent hair loss, maintain scalp and hair health, strengthen hair roots and shafts, and stimulate the growth of new hair.

CYSTEINE B6

SULFATE FREE
Effective Shampoo

Cypersa Sulfate-Free Hair Loss Shampoo with Cysteine B6:

This shampoo is a beneficial and effective combination of amino acids, vitamins, caffeine, hyaluronic acid, and plant extracts. It gently cleanses the scalp and delicates, prone-to-hair-loss roots, addressing the concerns of those susceptible to hair loss by preventing it and stimulating the growth of new hair.

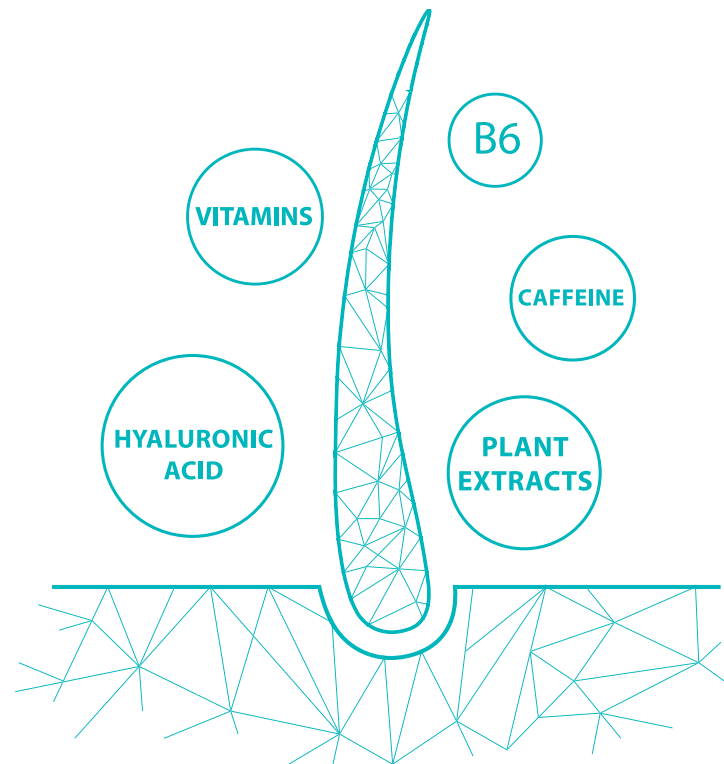

Product Features and Benefits:

- Cysteine and panthenol (Vitamin B5) promote natural hair growth, helping to maintain thickness, strength, and volume.
- The antioxidant combination used in the formulation maximizes scalp health, preventing premature hair loss and balancing the scalp's skin.
- Hyaluronic acid helps retain moisture, making the formulation more compatible for individuals with dry skin and hair.
- Caffeine increases blood flow to the hair follicles, stimulating hair growth and providing optimal nourishment to the hair roots.

The use of mild, sulfate-free cleansers and plant extracts reduces scalp inflammation, making it suitable for individuals with sensitive skin prone to hair loss.

HAIR GROWTH SERIES

HAIR GROWTH SERIES

Product Features and Benefits:

During each shower, gently massage an appropriate amount of shampoo onto wet scalp, wait a moment, and then rinse. It is recommended for use during anti-hair loss treatment periods and is suitable for all hair types .

Effective Ingredients:

- Amino acids (Cysteine)
- Vitamins (B5, B6, Biotin)
- Caffeine
- Hyaluronic acid
- Plant extracts (Wheat germ, Soy, Scutellaria, Pine, Clover)

CYSTEINE B6
SULFATE FREE
Effective Shampoo

CYSTEINE B6

ANTI HAIR LOSS
Nourishing Scalp Tonic

Cyspersa Cysteine B6 Hair Loss and Strengthening Tonic:

This product is an effective combination of amino acids, vitamins, niacinamide, and plant extracts that contribute to scalp health. Regular use, along with Cyspersa sulfate-free hair loss shampoo, is essential for successful and sustainable hair loss treatment.

Product Features and Benefits:

- Longer-lasting tonic on the scalp allows for greater penetration of effective ingredients, promoting the regrowth of hair and maintaining the balance and health of hair roots and shafts.
- Amino acid complex, including cysteine, aids in the effective reconstruction of hair strands.
- Plant extracts help control the 5-alpha-reductase enzyme, preventing premature hair loss.
- The unique antioxidant combination in this product, including vitamins B6, C, E, biotin, and niacinamide, effectively protects the scalp from free radicals and environmental pollutants, improving scalp inflammation.

HAIR GROWTH SERIES

Prevents Hair Fall

Strengthens Hair

Improves Hair Health

Cleanses the scalp

How to use:

Spray a sufficient amount of tonic onto the scalp once a day for six weeks, ensuring the entire scalp receives an adequate amount of the product. Gently massage the scalp and do not rinse. After six weeks, continue use three times a week, once a day.
